RE: Security Service for the City of Indian Wells

Since March of 2004, the City of Indian Wells has contracted with Advantage Systems Inc. to provide security (alarm and camera) service for the City Hall. I have found that Advantage Systems has a broad range of knowledge and information in the security field that has made them invaluable to our organization.

In my capacity as Personnel/Risk Director for the City of Indian Wells, I have been very impressed with the manner in which Advantage Systems operates, their accessibility, dedication and follow through has made them successful.

I feel fortunate to have the opportunity to work with the staff at the Advantage Systems. With the high degree of professionalism and integrity that they possess, I am sure they will be a valuable asset to your organization. Please let me know if you require further information.

Sincerely,

Mel Windsor
Personnel/Risk Director
